Farmers' Market Opens May 7th!

Town Square - A Great Place to Visit!

As you enjoy the warmer weather, you'll want to include many visits to Downtown Northville's beautiful Town Square. The tables and chairs are out, the umbrellas are up, and the flowers are blooming - a perfect spot to meet up with friends, a perfect spot to surf the web (we're WiFi compatible), and a perfect dining spot for your carry out meal from one of the many nearby eateries.

Bright red tulips - complimenting our crimson market umbrellas - are in full bloom, as well as the pansies in shades of purple that fill our planters. Within days the fountain will once again be flowing.

Make Town Square your destination for our annual Friday Night Concerts and Tunes on Tuesday Children's Concerts.

MAY / JUNE CALENDAR OF EVENTS

First Friday Art Walk

May 1
June 5

Downtown Northville's art galleries have become a favorite place to visit the first Friday of each month. We currently have four outstanding galleries each one different than the other and all open until 9 p.m. during the Art Walk. A new artist is featured each month often with the artist in house to greet you and show their work. Many of the galleries offer complimentary hors d' oeuvres and beverages for their guests as they browse or shop. The First Friday Art Walk begins at 6 p.m.

Many of Downtown Northville's shops are also open until 9 p.m. during the Art Walk and also feature a special event or guest. Be sure to allow time for a leisurely dinner at one of our fine restaurants.

The Northville Art House is pleased to announce the opening of Saints & Angels: Colonial Arts of Latin America, a retrospective exhibition featuring 50 paintings and sculptures culled from a private Michigan collection.

The exhibit opens Friday, May 1st and will be on view through May 24th in the main gallery at 215 W. Cady Street. The Art House will host an opening reception on Friday, May 1st, 6 to 9 p.m.

An Angel

The Virgin Of Mercy With Saints

The exhibition will feature works by anonymous artists and artisans with the major focus on 18th century religious paintings from Latin America and 19th century Mexican Folk Retablos - small paintings of images on sheets of tin.

The older pieces show Virgins, Saints, Angels, and Christ figures with absorbed expressions. Far from being somber, many of the images are in elegant laces, satins and velvets; some with plumes or armor. The origins for the 18th century paintings were art academies established by new world priests to train native Indian artist. The works were generally inspired

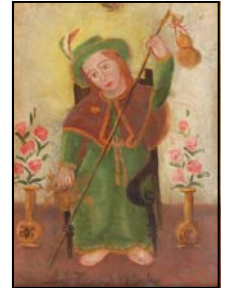

by European religious etchings. The local artists adapted the original images and the art evolved into a unique Latin American style to include native flora and fauna in the background, gold gilt decoration, and brilliant use of reds and blues.

The Children's Exhibit - Capturing Everyday Moments May 1-14

The Children's Exhibit – "Capturing Everyday Moments" will run May 1-14 with an Opening Night and Family Celebration held on Friday, May 1st from 5 - 7 p.m. The opening night celebration and exhibit's run will be held on the upper level of Northville Square (133 W. Main Street).

The annual exhibit features a sampling of projects and children's work from each class in the Children's Exhibit Programs and will be displayed in a variety of ways.

The Children's Exhibit – which began in the spring of 2005 – provides the before and after school programs for preschool and elementary age children that advocate making their ideas, thoughts, and learning visible. It also provides us with the opportunity to bring the children, their families, and the community together. "We believe that learning by doing is of great importance and the process of how a particular project or study originates and develops is documented on panels or in a book format and displayed along with the project," said the director of The Children's Exhibit.

JUNE CALENDAR OF EVENTS

Sundays at Mill Race Village

June 14, 21, 28

Each Sunday afternoon, from mid-June to mid-October, the buildings are open for public viewing. Costumed docents are on hand to inform visitors about the buildings, their contents, and about Northville's past. Many weekends, a working blacksmith demonstrates the craft, weavers and rug hookers ply their trades, and an occasional strolling musician may be found. Special events are planned for July 4th and the Victorian Festival.

To the uninitiated, the historic Village is a nineteenth-century jewel in Northville's crown. Seven buildings, ranging from approximately 1831 to the 1890's, have carefully been moved from various parts of

Northville to the scenic park land on Griswold Street; two more have been meticulously re-constructed with the aid of period photographs and plans. A tenth structure, the 1850's General Store, is being re-assembled in the Village, having been moved board-by-board from its original Main Street location.

A visit to the Village is a delightful way to explore the past, take a pleasant stroll, and step back in time. Mill Race Village is open to all, and there is no admission charge. It's located on Griswold, just east of Downtown Northville, between Main Street and Eight Mile Road. The grounds are open daily from sunrise to sunset; the buildings are open on Sunday afternoons from 1 to 4 p.m.

Looking Ahead

Planning is well underway by the Northville Community Foundation for the 2009 Independence Day Parade. This year the parade will be held on Saturday, July 4th at 10 a.m. If you would like to help us plan this year's parade it's not too late. Each year the parade continues to grow and improve. A major reason for that is having an incredible committee. However, each year people move or retire from the committee and we need good people to replace them. While everyone enjoys the parade, we need YOU to help with this event.

If you are interested in making the parade even better, please contact the Foundation office at 248-374-0200.

As the business began to grow, in 1954 they constructed an office, showroom, and warehouse facility on Seven Mile Road. Additional employees were hired to service their growing number of plumbing customers.

In 1964, Glenn Long acquired property in Downtown Northville and a new building was constructed on Dunlap Street. The large showroom highlighted plumbing fixtures and

parts for plumbing repairs. In 1970 a portion of the showroom was dedicated to bath and kitchen remodeling, which laid the groundwork for today's Long Kitchen & Bath Design.

Continued business growth built on customer satisfaction led to the construction of the current office and showroom on Main Street in Downtown Northville in 1974. Residential heating and cooling services were added in 1999.

Please join us on Friday, June 5th as we take a walk back through our 60 years

and thank our community and clients for the continuous support they (you!) have given us over the years.

And as always, if you are in need of Plumbing, Heating or Cooling Service or Bath and Kitchen Remodeling – give us a call (248-349-0373) or stop by our showroom!
